

Bob Cornuke Responds to Criticism of his book "Temple"

Bob Cornuke refutes *with evidence* the criticism presented in a video of David Regan and Randall Price where they claim that:

1. The drawings shown in the book are not "to scale"
2. The size of the temple is wrong
3. The size of the Roman Fort is wrong
4. There IS water on the Temple Mount
5. You can't see the city of David from the Mt. of Olives
